PROJECTS

Anvaya — CRM Application

December 2025

Built a Node.js/Express backend with MongoDB to manage leads, sales agents, and customer data using RESTful APIs. Learned API development, data handling, and basic reporting in a CRM workflow.

BookWala — Online Bookstore Application

November 2025

Developed a Node.js/Express backend with MongoDB for book searches and order management via REST APIs. Learned backend development, database operations, and connecting APIs to frontend interfaces.

EDUCATION

Aryabhatta College, Delhi University — B.Com

2014 - 2017

Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed diam nonummy nibh euismod tincidunt ut laoreet dolore.

EXPERIENCE

Genpact, Gurugram — Process Developer

January 23, 2023 - Present

Served as SME in the Insurance domain, training new joiners, supporting floor operations, and managing client relationships. Handled escalations and monitored daily workflows to ensure efficiency and accuracy.

SKILLS

Frontend: React.js, JavaScript(ES 6+), HTML5, CSS3, Responsive Web Design, Bootstrap, Flexbox & CSS Grid
